PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 5+ years of hands-on experience building responsive, high-performance web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Proven expertise in translating Figma and Photoshop designs into pixel-perfect interfaces, integrating RESTful APIs, and optimizing frontend performance. Skilled in modern UI frameworks, CMS platforms (WordPress, Shopify, Webflow), and AI-assisted development workflows. Passionate about writing clean, maintainable code and delivering scalable, user-centric digital products that drive business growth. Seeking a Frontend Developer role to contribute technical expertise and creative problem-solving to a forward-thinking team.

WORK EXPERIENCE

Frontend Developer

Jan 2022 - Present

Voperatech

Remote

- Develop and maintain 10+ production-grade web applications using React.js, Next.js, and TypeScript, improving page-load performance and user retention.
- Build responsive, accessible UI components with Tailwind CSS, MUI, Shadcn UI, and Chakra UI, ensuring consistent mobile-first experiences across devices.
- Integrate REST APIs and third-party services, streamlining data flow and reducing latency across client-facing features.
- Collaborate with designers and backend teams to convert Figma/Photoshop designs into clean, maintainable code with 95%+ design fidelity.
- Optimize SEO and Core Web Vitals for Next.js applications, improving search visibility and conversion metrics.
- Refactor legacy codebases into modern React/Next.js architecture, reducing technical debt and improving development speed.
- Implement state management and form handling using React hooks, Context API, and Redux where needed, ensuring smooth user interactions.

Frontend Developer

Jan 2021 - Jan 2022

MYDS

India

- Developed responsive landing pages and dashboard interfaces using HTML, CSS, JavaScript, and React.js for multiple clients.

- Translated UI mockups from Figma into production-ready components, reducing design-to-code turnaround time by approximately 25%.
- Assisted in API integration, bug fixing, and cross-browser testing for client-facing applications.
- Maintained WordPress and Shopify websites, implementing custom themes and plugin configurations as per client requirements.

EDUCATION

Senior Secondary (12th Grade) - Arts Stream

Completed

Senior Secondary School
Passed with first division

CAREER HIGHLIGHTS

- 5+ years of end-to-end frontend development experience across startups, agencies, and remote teams.
- Built and deployed 15+ web projects including dashboards, e-commerce platforms, booking systems, and marketing sites.
- Strong eye for UI/UX design with ability to convert Figma/Photoshop mockups into responsive, pixel-perfect web pages.
- Experienced in full project lifecycle: requirement gathering, design review, development, testing, deployment, and maintenance.

PROJECTS

Logistics Track

Cab Book

React.js, Tailwind CSS, REST API, Chart.js

Built a real-time logistics tracking dashboard with live shipment monitoring, status updates, and data visualization using Chart.js. Improved tracking efficiency and reduced manual follow-up for operations teams.

Next.js, Tailwind CSS, Map API, Node.js

Developed a responsive cab booking interface with location-based ride booking, fare estimation, and booking history. Implemented server-side rendering with Next.js for better SEO and faster initial load.

E-commerce Platform

Next.js, React.js, MongoDB, Express, Payment Gateway

Created a full-stack e-commerce solution with product catalog, shopping cart, user authentication, order management, and secure payment integration. Delivered a smooth checkout experience and admin dashboard.

Gaming Site

React.js, Tailwind CSS, Framer-style animations

Designed and developed an interactive gaming website with modern UI animations, responsive layouts, and fast load times. Focused on engaging visuals and performance optimization for high traffic.

CERTIFICATIONS

- Meta Front-End Developer Professional Certificate (React, JavaScript, UI/UX)
- freeCodeCamp Responsive Web Design Certification
- Udemy React & Next.js Complete Course
